TERMS OF BUSINESS

CONCERNING OUR PRICES

The prices quoted in this catalogue are for bulbs and plants of the best quality only, true to name and in sound and healthy condition, properly packed and delivered to the Express or Freight office in Deerfield, free of all charges. Express or freight charges for transportation from Deerfield must, however, be paid by the purchaser.

SHIPPING

It is our custom to ship our goods by EXPRESS as we find the service more satisfactory and, as a rule, cheaper, owing to the size and weight of the packages.

If any customer prefers the PARCEL POST, we will forward small packages in that manner, provided sufficient postage is remitted with the order. Any excess will be returned.

We guarantee our bulbs and roots to be true to name, healthy and in sound condition and strictly first class. We will not, however, be responsible for the failure of any to grow or thrive, as such failure may result from causes wholly beyond our control, such as improper treatment, unfavorable weather, soil or climate. Should any difficulty arise through any fault or mistake of our own we will gladly rectify it. If the purchaser does not accept the goods on these terms they are at once to be returned, and money that has been paid for same will be refunded.

Orders from unknown correspondents must be accompanied by cash or satisfactory references.

We prefer not to receive C. O. D. orders, but if such are sent they must be accompanied by cash to one-fourth of the value of the goods ordered to insure acceptance.

Money should be sent only by safe methods, preferably postal or express money orders payable to **FRANKEN BROTHERS** at Deerfield, Illinois, or drafts on Chicago or New York.

6 or more of any one variety of bulbs or plants offered in this catalogue will be sold at the dozen rate, 25 or more at the 100 rate.

SPECIAL NOTICE!

Persons to whom this Price List is sent will also receive in May or June our General Catalogue, which will contain the largest and finest collection of Holland Bulbs for Autumn Delivery which we have ever offered.

Dahlias

All our Dahlias are dormant, field grown Tubers

BEAUTIFUL PEONY-FLOWERING DAHLIAS

IRIS GERMANICA (German Iris)

The German Iris is perfectly hardy and grows luxuriantly everywhere, particularly if in a dry and sunny location. Its spikes of flowers are fragrant and fine for cutting. If cut when the lower buds show color they will open finely in the house. Be particular in planting to barely cover the rhizomes or large, fleshy roots. Our list includes many varieties of recent introduction.

<i>Yucca filamentosa</i> . Large clumps, according to size, at 50c and 75c each.			

Peonies

In the interest of our customers we do not list our peonies at this time, although we have a fine lot of choice varieties growing in our fields. Peonies start active growth so early in the spring that it is very difficult to dig, pack and ship them without injury, as growth and development will be checked for a year. Fall is the proper time to transplant them. If, however, it is imperative that vacancies in the garden be filled, we fill orders for them if received before active growth begins. Varieties may be selected from our fall catalogue of 1921.
